## EDUCATION

### **Bachelor of Science Chemistry**

*Appalachian State University, Boone, NC, May 20XX*

Overall GPA: 3.8

Dean's List: 8 semesters

Beta Beta Phi Scholarship, Fall/Spring 20XX

## RESEARCH EXPERIENCE

### **Savannah Environmental Labs** Statesboro, GA

*Research Lab Assistant/Intern, September 20XX-December 20XX*

- Ran and maintained high-pressure liquid chromatograph system for proteins
- Prepared standards and titration of antibodies used by the department for RIA's
- Conducted Radioligand binding studies with leukotrienes
- Purified polymorphonuclear leukocytes and monocytes
- Operated the spectrophotometer to obtain concentrations
- Analyzed....
- Inspected...
- Systematized...
- Wrote....

### **ASU General Chemistry Lab**

*Teacher's Assistant, Spring 20XX-present*

- Provide lab assistance to 9 students by answering questions and demonstrating techniques including....
- Receive excellent evaluations from students and professor

## SKILLS

### **Analysis/R&D**

- Developed new techniques in gas analysis
- Improved procedures of hydrocarbon analysis
- Set up a well-organized filing system for analysis data

### **Instrument Knowledge**

- Atomic absorption spectrometer, Gas chromataphy, Liquid chromataphy, Fluorescent spectrometer

### **Research**

- Conducted a research study analyzing the DNA of healthy cells in....
- Compared the effects of different ...used to.....

## PROFESSIONAL INVOLVEMENT

**American Chemical Society**, Member, Fall 20XX-present

National Conference Attendee, October 20XX
